The Security Forces set up an ambush and the death toll rose from 12 to 27 people. Those killed will no longer enjoy a happy life. This is just the total as of 16 July 1952. It will continue to rise.

[Cartoon of a fisherman with a net and a great haul of fish]

Those devils that have been shot dead and have "Unknown Person" written on them, were brought down from the mountains but we have no way to identify them. If you want to know who they are, you can go to the place where they are laid out to see their rotting bodies.

To those that still stay in the jungles and wonder about staying or coming out, you still have a chance to choose your own destiny. You can wait to fall into a trap by the Security Forces and die, or leave Communism and its viciousness immediately and come out and join the happy people pictured above.

WE TAKE THIS OPPORTUNITY TO THANK THE PEOPLE OF EASTERN PAHANG FOR THEIR ASSISTANCE IN MAKING THIS ANTI-COMMUNIST BATTLE SUCH A GREAT SUCCESS!
