Comrades,

We thought we would like to drop you a line to let you know that we have not forgotten you and to show you how we are getting on now that we have come over to the Authorities- You will see from the picture overleaf that we are rejoicing in the company of old friends. (CHANG CHOY and RAHIM).

It is a big day to us - this reunion of old comrades. It is the accepted thing for everyone to enjoy himself in every way and these simple straightforward activities are not the privileges of a few leaders, as they are amongst the company of which you are now members.

You know the life we were made to lead. Remember how Chan Siong Pak used to treat you? Whereas all the time he was having fun with Moo Kon Fong. What type of a leader was he? Very fond of an easy life and easily susceptible in this way. For this was the second time he had been severely disciplined and demoted for a love affair. Perhaps you don't recall, but he was a S.C.M. and lost that position because of his affair with Chiew Har. And, of course, he used to have two wives. What a peculiar leader.

Now of course he has been replaced by another bright spark. Lam Khiong comes to you on demotion for his fun with Ah Choo. And so it goes on among them while you suffer.

Those responsible for your welfare don't seem to care whom they send you in the way of leaders, do they? You are the chaps who seem to be getting all the scum. We wonder what Kamal has been up to.

Why don't you chuck it? Throw over your morally degenerate leaders and come over to the Authorities whilst you still have time to enjoy your youth. Remember, you can start a new life if you decide now.

With a happy salute.
